Food Service Inspection Summary

Name of Establishment: China House
Address: 40 Consumer Drive, Chillicothe
Date of Inspection: June 23, 2010
Reason for Inspection: Standard Inspection
Sanitarian Performing Inspection: Kelly Dennis, R.S.

Violation(s) / Comment(s) (Chapter 3717-1 OAC violations checked)

Complaint reported to our office that customer said the kitchen is dirty. A standard inspection was conducted. The following was noted during the standard inspection:

Cold food sampled in proper temperature of 41°F or below. Hot food appeared to be cooked to proper temperature and held above 135°F. Sanitizer, test strips, food grade gloves, and food thermometers available. Hot water adequate. Food prep surfaces and line equipment kept clean at time of inspection. Appears operation is cleaning kitchen and equipment frequently to prevent accumulation of grease and debris. Continue routine cleaning and maintenance of food operation.

03.2 Food: Protection from Contamination after Receiving

(M) Wiping cloths - use limitation.

Wet wiping cloths stored on counter. Bucket with sanitizer solution not available for storage of wiping cloths between use. Store wiping cloths in sanitizer solution between use to limit growth of microorganisms on wiping cloths and to use to sanitize food contact surfaces.

03.4 Food: Limitation of Growth of Organisms of Public Health Concern

(E) Cooling methods - temperature and time control.

Observed a large bin of fried chicken pieces cooling in a deep container in the walk-in cooler. Chicken between 70°F and 75°F. Separate bulk foods when cooling into smaller, thin, or shallow pans to help food cool rapidly and to limit growth of microorganisms during cooling process that may cause illness.
