

Ross County Health District

Food Service Inspection Summary

Name of Establishment: Los Mariachis
Address: 200 Plaza Blvd., Chillicothe
Date of Inspection: August 6, 2008
Reason for Inspection: Follow-up
Sanitarian Performing Inspection: Kelly Dennis

VIOLATIONS NOTED

1. Observed raw meat thawing at room temperature.
2. Cooked rice and cooked beans stored above the oven and removed from heat.
3. Some of the ice build-up has been removed from freezer floor, walls, and door.
Observed accumulation of ice around door and floor.
4. Inside of beer coolers has accumulation of mold.
5. Wall and floor coving in some areas of kitchen still need repaired.
- 6.
- 7.

ACTIONS TAKEN OR ORDERED

1. Thaw food in cooling units holding below 41F, under cold running water, or part of the cooking process to prevent growth of microorganisms.
2. Hot food must be held in equipment capable of maintaining food at a temperature of 135F or above. Use the stove, oven, or steam table to hot hold food to prevent growth of microorganisms.
3. Continue to remove ice build-up from freezer. Freezer needs defrosted.
4. Clean inside of beer cooler to remove mold. Repair leaks in cooler to prevent moisture that leads to growth of mold.
5. Continue to repair wall and floor coving to prevent further damage to walls.

SANITARIAN'S SUMMARY OF INSPECTION

The following violations have been corrected since the 7-30-08 inspection: Food kept covered, cooked beans appeared to be cooling properly in walk-in cooler, and floor under equipment has been cleaned.

Operator has been repairing floor coving and damaged areas of walls. Operator has been removing ice build-up from freezer. Another follow-up inspection will be conducted in 7 days.

****DISCLAIMER:** This summary reflects only the conditions found on the date of the inspection and does not necessarily reflect conditions at all times. Inspection reports can be viewed in their entirety at the Ross County Health District's Environmental Health Office, 475 Western Ave., Suite 3A, Chillicothe, Ohio.
