The goal of TOGETHER WE CAN is to detect and prevent breast cancer by providing free clinical breast exams and mammograms to eligible women in Gallia, Jackson, Lawrence, Pike, Ross, Scioto and Vinton counties.

WHO CAN GET FREE MAMMOGRAMS?

Women who

- are 20-64 years old.
- have limited health insurance.
 - have limited income.
- have no Medicare or Medicaid.

The Mammogram is the most effective way to detect breast cancer at an early curable stage.

Annual Clinical Breast Examinations

by a health expert are an additional way to detect breast cancer early.
